ST TERESA'S GREEN TEAM

The food we consume has a profound effect on the global environment and as the world's population grows, the demand for food increases and the strain on ecologies and habitats increases. Almost 20 percent of the food made available to consumers is lost through over-eating or waste. Help reverse these troubling global trends by eating fewer animal products, reducing waste, and not exceeding your nutritional needs.

ST. TERESA'S MISSION STATEMENT

As members of St. Teresa's Parish we fulfill our baptismal commitment by being the hands and heart of Christ in our world. We achieve this commitment by accepting the human dignity of all persons, and by advocating for and serving those oppressed in our society. The community of St. Teresa's finds its strength to fulfill this through participation in the Eucharist, prayer, learning the building of relationships, and action for Justice.
